ORDERING PROCEDURES: Refer to attached price list

1. **Purchase Orders:** Orders must be on a form STD. 65, Contract/Delegation Purchase Order. Indicate the State Price Schedule number, quantity, and product description. The final price must be included on the STD. 65 copy and submitted to the State Department of General Services, Procurement Division, Data Entry Unit, 707 3rd Street, 2nd Floor, P.O. Box 989054, West Sacramento, CA 95798-9054. The agency contact person and telephone number must also be included in the event that clarification or additional information is needed. Orders received without a purchase order cannot be processed.

If there is a question regarding the final price of merchandise, requests can be faxed to the lab. The lab will price the eyewear and respond by fax.

2. **Prescription Form:** The multi-part prescription form must be attached to the Contract/Delegation Purchase Order and sent to:

Prison Industry Authority
CSP-Solano
2100 Peabody Road
Vacaville, CA 95696-6615

ATTN: Optical Lab

Phone (707) 454-3445
FAX (707) 454-3214

Include the agency order number, employee's name, "ship-to", and "bill-to" information on each prescription form. Please include a contact person on the prescription form. **DO NOT** use the patient as the contact person.

3. To order any item that does not appear on this price list, contact the CSP-Solano Optical Laboratory.

NOTE: Occasionally, orders may take additional time to complete due to specifications. The turnaround time indicated above begins when the laboratory has received all necessary/correct information.

Prison Industry Authority Optical Lab Policies

“ PIA is dedicated to customer satisfaction and welcomes any comments to achieve this goal. ”

Doctor Remake For doctor or patient modifications submitted after order completion; i.e., change in Rx, tint, frame, material, etc., please provide the following:

- New Rx, with necessary changes
- Original invoice and materials
- Purchase order number

Note: Doctor-requested remakes will be invoiced at 40 percent off the original price if they fall within 60 days of the original invoice date.

Lab Remake To request a lab remake due to lab manufacturing error; i.e. wrong Rx, tint, frame, lens defect, etc., please provide the following:

- Copy of the original invoice
- Merchandise that needs to be corrected
- Explanation of what needs to be done. Be specific, and include the patient/employee's name.

Note:

- If original merchandise is **not** received with the remake order, the remake will be processed at regular price.
- **Within the first 60 days**, lab remakes are processed at **no charge**.
- All lab remake requests are expedited.

Segment Height

It is our policy to consider the segment height as the distance from the top of the segment to the lower most part of the frame.

Patient's Frame

Patient frames that are being reused may not survive the normal laboratory environment. PIA will make every effort to reuse the frame, but cannot be responsible for breakage on such frames. **New lenses in old frames will be done at patient's own risk.**

Lens Tint Samples

PIA will supply a free color set on request.

Special Orders

Items not listed in the SPS, including but not limited to specialty frames, lenses and temple changes, will incur additional charges. PIA uses the SOLA VIP progressive lens. Any other medically required progressive lens is considered special order. PIA will notify your agency of any additional charges prior to processing the order. All special orders are subject to extended processing delays.

Safety Eyewear

Ordering Information for Eyewear

Add:

- Base price
- Applicable extra-charge items
- Price of frame selected

Note: Price information may be clarified/obtained by faxing a request to the Optical Lab at (707) 454-3214.

Additional Information:

1. The Optical Laboratory will determine the final prescription price. If the price differs from the purchase order, the ordering agency will be notified.
2. With each prescription form, State agencies must assign a Contract/Delegation Purchase Order, establish a blanket order, or possess an interagency agreement with the Prison Industry Authority to utilize services of the PIA Optical Lab. Orders without the proper paperwork will not be processed. Your purchase order must be attached to the prescription.
3. All prescriptions must contain a “ship-to” and “bill-to” address. The “ship-to” address **must** be a street address; **UPS will not deliver to a post office box.**
4. It is imperative that the originating agency phone number along with a contact person are included on the prescription form in case additional information or clarification is needed.
5. By law, prescription orders must bear the written signature of the Refractionist/Ophthalmologist/Optomtrist. Only **original** Rx forms will be accepted.
6. An eyewear professional should fit completed glasses. Orders with progressive lenses may be shipped with layout patterns to assist with verifying correct measurements on completed lenses.
7. Orders that require additional information will be held in abeyance for 30 days. If an order is not resolved within this time frame, it will be cancelled and returned to the ordering agency. Your prompt response to inquiries for additional information will guarantee faster delivery. Manufacture of the order cannot begin until your reply is received.
8. Your completed eyewear order will meet all legal and ANSI Z-80 standards. All glass lenses are hardened and tested for impact resistance in conformity with these standards; however, they are not unbreakable or shatterproof.
